The Growing Spine and Scoliosis

October 26, 2002

Grand Geneva Resort
and Conference Center
Lake Geneva, WI
www.grandgeneva.com

Sponsored by: *University of Wisconsin Medical School
University of Wisconsin Children's Hospital
University of Wisconsin Spine Center*

In cooperation with: *National Scoliosis Association*

*The University of Wisconsin Medical School gratefully
acknowledges an unrestricted educational grant
from Medtronic Sofamor Danek Inc., Memphis, Tennessee.*

University of Wisconsin Medical School
Department of Orthopedics and Rehabilitation
600 Highland Avenue
Madison, Wisconsin 53792-3236

One percent of all individuals have at least mild scoliosis and 30% of all adolescents may be afflicted with other spinal disorders. At this one-day conference, two unique programs will be directed to the educational interests of primary care physicians, orthopaedists, school nurses, scoliosis patients and their family members. CME credits are available for practitioners.

Conference fees will be waived for patients and families. Reduced room rates will be available for Friday and Saturday nights.

While you're there, take a ride on the Grand Geneva's indoor water slides at Moose Mountain Falls!
