UNIVERSITY OF WISCONSIN-MADISON PHYSICAL THERAPY PROGRAM • ALUMNI NEWSLETTER

Family Focus

Physical Therapy students invite family and friends from "back home" to join them for a day of fun at the Program.

Program News

Dear Alumni,

The fourth and fifth floor hallways of the Medical Sciences Center are quieting down as students filter out on their summer internships, providing me with an opportunity to reflect on the last semester before 32 new students matriculate on June 10.

Spring semester boasted a popular Visiting Lecturer event with Jules Rothstein, PT, PhD, FAPTA. Dr. Rothstein drew his usual crowd, as he presented "A

New World of Practice Where Evidence Makes Life Easier" in March at UW Hospital. Dr. Rothstein began his visit by curling with faculty members, and ended his stay by meeting with students and local clinicians.

In April, the Program sponsored a very well-attended two-day "Essentials of Strength Training and Conditioning" course here on campus, followed by administration of the Certified Strength and Conditioning Specialist (CSCS) exam.

Changes are on the horizon once again for the UW-Madison PT Program. At the

start of the new calendar year, the Orthopedic Section of the Department of Surgery merged with the Department of Rehabilitation to form the Department of Orthopedics and Rehabilitation in the Medical School. This department was a natural fit for the PT Program and we became a Section of the new department.

In addition, the Program submitted a Preliminary Entitlement to Plan for the DPT degree, which was recently approved by the Medical School. We have also engaged in discussions with UW-La Crosse and UW-Milwaukee about potential collaboration in offering a full spectrum of comprehensive physical therapy education, from pre-PT education, to entry-level doctoral education, to transitional doctoral education, to post-professional PT education. We will keep you posted on these DPT developments.

Hope this newsletter finds you happy, healthy, and enjoying your summer!

Sincerely,

UNIVERSITY OF
WISCONSIN-MADISON

The Program is sad to announce that John McCarthy will be leaving Wisconsin to join his cohorts at the University of Alabama at Birmingham. We will miss you, John, but wish you the best of luck in your new endeavors! John was presented here with a UW polo shirt signed by faculty, staff, and students.

Semester Outreach

On February 16, a brave contingency of students jumped into ice-crust Lake Monona for the 2002 Polar Plunge. All money raised was contributed to the Wisconsin Special Olympics.

On the same cold day in February, students created a PT booth and educated the public about physical therapy at the MSMC Health Fair in a warm local mall.

Many students attended the Emergency Legislative Day at the Capitol with PT faculty on February 26. Their presence certainly contributed to the favorable outcome of the PT Practice Act Bill and we commend them all!

In March, students participated in the High School Women's Health Care Symposium, along with Occupational Therapy, Physicians Assistant, Medicine, Nursing, and Pharmacy students. Students promoted their respective health programs, formed an admissions panel, participated in activities, and answered questions.

Brian Doolan performed with the Jazzworks Dance Company at the Madison Civic Center in March.

Congratulations is also in order to **Brian**, along with **Kim Skinner, Nicole Gingue, Crystal Beck, Jeff Salkowski, and Megan**

Smith, for passing the CSCS exam offered by the National Strength and Conditioning Association's (NSCA) Certification Commission in April.

Many students attended and volunteered at the WPTA Spring Conference and the Wisconsin Student Conclave.

Several insomniac students participated in the Relay for Life in April, donating funds to the American Cancer Society.

Students wrapped up the academic year with one last message fundraiser, a clothing sale, a trip to a Milwaukee Brewers baseball game, and a graduation party and banquet.

Before beginning his final internships, **Pete Bzdusek** will participate in the Wisconsin Express Program, where he will work on an interdisciplinary team at a health center in the inner city of Milwaukee.

The Class of 2002 elected to donate funds to the Miami-Pittsburgh Challenge, the WPTA Conduit, and contributed funds towards APTA memberships for the incoming Class of 2004!
